Company Profile

Mrinmoyee was founded with a mission and vision to provide customers with high-quality, affordable commercial and industrial cleaning equipment and tools. We offer a wide range of quality cleaning products, leveraging the 30 years of leadership and widespread presence of our parent company, CCASL, in India's cleaning and hygiene business. Every

Mrinmoyee product is crafted for the end-user with a focus on durability, quality, performance, process maximization, and achieving the highest return on investment. This is made possible by our fully integrated manufacturing unit, which includes advanced injection moulding machines, brush-making machines, pipe rolling mills, and packaging machines, ensuring complete control over quality from raw material to finished product.

We aim to serve every customer in India, regardless of their location, and are committed to improving the overall standard of the industry. Today, Mrinmoyee is one of India's leading manufacturers of professional cleaning equipment and is the number one institutional cleaning and janitorial supplier in the country. We have expanded our reach to the household sector with our new brand, C3, which features products exclusively for the household market, all manufactured in our own facilities. To better serve our customers, we have established warehouses in Delhi and Mumbai. We now export our products to more than 20 countries and have a network of 185 distributors across India, solidifying our position as a trusted leader in the cleaning and hygiene market.
